

Dent Extend Mobile®

Is a mobile booth for details

Dent Extend Mobile®

Dent Extend Mobile® is designed for those who want to be able to efficiently perform minor paint repairs at really low operating costs.

The paint box can be lifted and moved by truck or 2 pallet lifts.
(note that the weight of this product is 1900kg)

Dent Extend Mobile is delivered pre-assembled and test run from the factory and only needs to be connected with supply cable to the electricity supply and ventilation to the exhaust air when it is to be discharged, the exhaust air is taken from the room and does not need to be connected if you do not want to.

This product is equipped with carbon filtration directly from the factory.
There are also 2 compressed air outlets installed from the factory.
