

# CFU<sup>®</sup>

Portable exhaust module with carbon filtration

**PIVAB**<sup>®</sup>  
THE ART OF SPRAY BOOTH

**PIVAB**<sup>®</sup>  
THE ART OF SPRAY BOOTH

# CFU<sup>®</sup>

Pivab's Carbon Filter Unit belongs in all industrial work environments where you need to filter contaminated air.

The unit can be connected to most of Pivab's products such as Dent Mobile L, Dent Mobile XL, Dent Station, Dent Mix and as well to other external products that require air cleaning.

With the Carbon Filter Unit, it is not necessary to affect existing walls and ceilings as the unit circulates and cleans the existing air.

A very flexible unit that fits in most work environments.
